

## **Avaada Foundation Donates Garbage Collection Vehicle to Adhoi Municipal Corporation, Kutch**

Kutch, Gujarat | 27 July 2025 — In a meaningful step toward promoting cleaner and healthier communities, Avaada Foundation has donated a state-of-the-art garbage collection vehicle to the Adhoi Municipal Corporation in Gujarat's Kutch district.

The donated vehicle—a Tata Ace Gold Petrol Van equipped with a hydraulic tipper—is specially designed for door-to-door garbage collection. Built on a TATA ACE B6 cabin chassis, the van features A 2.0 m<sup>3</sup> bucket capacity, two compartments for wet and dry waste segregation, four openable windows with a durable MS sheet covering. This donation is part of Avaada Foundation's broader commitment to supporting sustainable civic services and environmental well-being.

### **Enabling Efficient Waste Management**

The new vehicle will help streamline door-to-door solid waste collection, encourage segregated waste disposal at the household level, Improve hygiene and cleanliness in public spaces and Boost operational efficiency for the local municipal staff.

The donation ceremony was attended by Hon'ble MLA Shri Virendra Singh Jadeja and senior municipal officials, who praised the Foundation's proactive involvement in enhancing local sanitation. Shri Jadeja said, "Efforts like these not only strengthen local governance but also bring visible, lasting improvements in people's lives."

Adding to this, Ms. Ritu Patwari, Director of Avaada Foundation, stated:

"Avaada Foundation has been committed to uplifting lives in rural India, and this initiative in Adhoi is a testament to that mission. We've been working in Gujarat for over ten years in education, empowerment, and development. We believe sustainable change begins with basic dignity—and clean surroundings are a part of that."
