

Lighting the Path to Self-Reliance: Avaada Foundation's Scholarship Program

August 30, 2025 – Avaada Foundation has provided scholarships this year to 14 students in Sonbhadra District, 11 in Sudsar, Bikaner, 10 in Nagpur, and 10 in Rajasthan, continuing its mission to empower youth through education and skill development. Over the past year, the Foundation has been giving scholarships to around 30 students for the ITI electrician trade, enabling them to become employable, sustainable, and self-reliant.

In addition, scholarships were extended to around 80 students for school education and IIT preparation, further strengthening opportunities for deserving students. With its commitment to offering 100% scholarships for two years until completion of studies, Avaada Foundation is not only transforming the lives of individual students but also shaping brighter futures for their families and generations to come.

This drive adds to Avaada Foundation's growing presence in Madhya Pradesh through initiatives in education, women empowerment, environment, healthcare and rural development.

These include:

- Providing school buses to enhance educational access for students in remote tribal villages.
- Improving infrastructure in government schools through the construction of toilets, provision of furniture, libraries, and other essential amenities.
- Supporting science and curiosity-driven learning through the construction of a planetarium in Dongla, Madhya Pradesh.
- Empowering over 500 rural women through skill-based training and stitching centres, supplying industrial sewing machines, and connecting them to the shirt industry to promote self-reliance.
- Conducting more than 50 medical camps, cattle health drives, and plantation campaigns to improve community health and promote environmental sustainability.

From funding education to unlocking futures, Avaada Foundation's scholarship drive is empowering youth across India with the tools to learn, grow, and lead with purpose.

About Avaada Foundation

Avaada Foundation, the social impact arm of Avaada Group, is dedicated to fostering equitable and sustainable development across India. Guided by its flagship focus on Triple E & H—Education, Employment, Environment and Health; the Foundation works to uplift underserved communities through targeted grassroots interventions. With a strong pan-India presence, Avaada Foundation has enabled over 300,000 students to access improved educational opportunities, empowered 20,000+ women through skillbuilding and livelihood programs and facilitated healthcare for more than 200,000 individuals and nurtured over 114,315 saplings to promote environmental sustainability. It has also engaged more than 100,000 youth and community members in awareness and capacity-building efforts. Grounded in the belief that small actions can lead to systemic change, Avaada Foundation continues to catalyze inclusive growth, strengthen community resilience and advance its commitment to building a healthier, more equitable society
